Why Us?

NMR Technical Services is a full-service consulting and contracting firm that provides design, planning and technical services to Telecom Industry, Private Industry and General contractors. Our comprehensive knowledge of governmental procedures, combined with a working relationship with many of the representatives in the regulatory agencies, uniquely allows us to provide reliable and expeditious services.

As more corporations downsize or restructure due to the economic climate, there is an increasing need for specialty companies to provide their services on an as needed basis. This allows corporations to become more competitive due to manpower reductions. NMR Technical Services is not burdened with the high operating expenses like larger firms. This allows the company to offer its services at very competitive rates. We believe in obtaining the results based on customers best interest which will create long lasting relationships.

Who We Are ?

NMR Technical Services LLC is new division of Runway Décor Company which is established in 2006, executing major projects in U.A.E.
